

PRESIDENT IN THE SOUTH.

Chief Executive and His Party Receive a Royal Welcome From the People of Charleston.

CHARLESTON, S. C., April 8.—The President and his party arrived here this morning at 10 o'clock. The morning was fully overcast. The down-pour of rain which had marked the trip almost to the moment of departure had ceased and the day broke with a cloudless sky.

The President and Mrs. Roosevelt were early risers. At Summerville, 21 miles from Charleston, the party was met by a committee headed by Mayor Smith, Captain F. W. Wagner, president of the Exposition, and J. J. Hemphill, who accompanied the President on the remainder of the journey.

All Charleston was up and out this morning to do honor to the President and greet him within the corporate limits of the time of the landing of the steamer it was a continuous ovation.

President at Charleston.

CHARLESTON, S. C., April 8.—The President's train reached Charleston at 9:26 a. m. on time. The party did not come into the city, but left the train five miles out, where trolley cars were waiting to convey them to the naval station to take the revenue cutter for a tour of the harbor. The President's immediate party went directly to the naval station, where they were joined in a few moments by members of the reception committee and invited guests of the city. A guard of thirty militia men was stationed about the approaches to the train and stood at present arms as the President landed. At the naval station, fifty men of the militia were posted, maintaining picket lines about the reservation and none was allowed within the lines except such as had special permit.

Tour of the Harbor.

The President and his party were shown about the station and then were conducted to the pier, where the revenue cutter Albatross was in waiting. As the President set foot on the vessel the flag of the Commander-in-Chief of the army and navy was raised, and the Jackies were paraded while a salute of 21 guns was fired. In the stream

MARATHUR TELLS OF THE PHILIPPINES.

Described the Conditions at the Time of American Occupation

WASHINGTON, April 8.—General MacArthur continued his testimony concerning conditions in the Philippine Archipelago before the Senate Committee at the beginning of the session devoted to a review of the conditions which led up to the present state of mind of the Filipino people. He said that long before the advent of the Americans the germ of Democracy had been planted and that these had originated in the agitations in Spain of a century ago, which had been reflected in the Spanish colonies.

He also described the conditions in the Archipelago at the time of American occupation, saying that at that time the Filipinos were in a vindictive and resentful mood toward Spain, with a yearning for liberty. Taking these psychological conditions into account, and also giving due heed to the character of the people he had felt when he assumed command of the islands that there was to be found the most fertile soil for the planting of the best type of Republican institutions.

General MacArthur then took up and discussed economic conditions in the Archipelago, saying that they are the finest group of islands in the world, occupying a strategic position absolutely unexcelled.

Accepts Judgeship in Philippines

SANTA FE, N. M., April 8.—W. H. Pope of Atlanta, Ga., for the past eight years a resident of Santa Fe, U. S. Attorney of the Pueblo Indians and Assistant U. S. Attorney of the Court of Private Land Claims, today accepted a judgeship of the Court of the First Instance in the Philippine Islands, tendered him by Governor Taft. He will sail in June.

He is a gold Democrat, 31 years of age.

REPORT ON THE TRANSPORT SERVICE SENT TO THE HOUSE.

Officers Charge That the Government Was Not Protected and That Excessive Prices Were Paid on Contracts—Expenses Will Stagger Taxpayers.

WASHINGTON, April 8.—Secretary Root today sent an answer to the House resolution of March 15th calling upon him for all facts that have come to his knowledge as to the conduct of the transport service between San Francisco and the Philippine Islands. The answer includes the reports of Inspector General Chamberlain and Lieutenant Colonel Maus. The reports of the various officers cover several hundred pages.

Major General S. B. M. Young, in transmitting the report of Lieutenant Colonel Chamberlain, submits an analysis of the report showing no adequate supervision to any feature of the government's interests.

ENORMOUS BILL.

General Young also specifies the case of "an inexperienced man, who knew nothing about painting, being employed to supervise painting in a business where the painting bill of a single firm in two years and two months amounted to \$32,000."

GOVERNMENT NOT PROTECTED.

In other respects, it is stated, the report shows that work was given out and supplies for general use (such as the fitting up of cabins) were purchased without due regard to the protection of the government's interests.

UNCLE SAM ROBBED.

On that branch of the investigation covering cost of articles, etc., General Young, summing up the Chamberlain report, says that in one case where the bill was \$20,000, the work is pronounced "generally unsatisfactory, charges excessive and material inferior."

HIGH PRICES.

Prices paid for material were often strikingly in excess of the then current

AGAINST THE CHINESE BILL.

Claus Spreckels and Twenty Other San Francisco Merchants Send a Telegraphic Protest.

WASHINGTON, April 8.—At the opening of the session of the Senate today, the President pro-tem, Mr. Frye, laid before the Senate a telegram signed by Claus Spreckels and about twenty other business men of San Francisco, protesting against the passage of the Chinese Exclusion bill in its present form.

The signers of the telegram declared that the exclusion of legitimate Chinese merchants, according to the provision of the measure, would be an act of gross injustice.

IN THE SENATE.

WASHINGTON, April 8.—Mr. Cullum said the new treaty could be entered into with China and legislation enacted to exclude Chinese. If China declined to enter into a new treaty, the United States would be justified in passing such legislation as it chose.

Mr. Cullum said that personally he was in favor of the absolute exclusion of Chinese laborers, but he believed that existing laws were ample to accomplish that result. He was opposed to the pending bill, because some of its provisions in his judgment were in contravention of our treaty obligations.

He conceded the right of Congress to abrogate treaties by legislation, but urged that such action should be taken only in exceptional cases. It was unnecessary in the present situation to pass such a law as that proposed.

THE SIGNERS.

WASHINGTON, April 8.—The names of the signers in the protest against the passage of the Chinese Exclusion bill presented to the Senate by President pro-tem, Frye today are:

CLAUS SPRECKELS, THOMAS BROWN, I. W. HELLMAN, W. H. CROCKER, CHARLES WEBB HOWARD, A. H. PAYSON, P. H. LILIENTHAL, J. A. DONOHUE, ANT BAREL, H. T. SCOTT, J. G. GRANT, JOHN PARROTT, G. W. KLINE, LEVI STRAUSS, CHARLES HOLBROOK, WARREN D. CLARK, PERCY T. MORGAN, LEON SCHLOSS, L. C. GREEN, C. DE GUIGNE, JOHN F. MERRILL, W. C. RALSTON, E. W. HOPKINS, JOHN L. HOWARD, A. F. MORRISON, W. B. BOWEN, P. C. BREEDON, GEORGE ABBOTT, S. C. BUCKEER, GEORGE A. NEWHALL, GEORGE W. M'NEAR, WILLIAM BABCOCK, BERNARD PAMANTALE, GEORGE A. POPE, ALFRED S. TUBBS, F. W. ZEILE.

PATTERSON'S APPEAL.

WASHINGTON, April 8.—Mr. Patterson of Colorado made a strong appeal for the enactment of the present Chinese Exclusion law, and refuted the arguments that had been made by those who said that a treaty was sufficient protection.

Mr. Perkins of California made a vigorous speech in favor of the adoption of the bill. He said he lived in a State and a city where the Six Companies operated, and his thirty years' experience had shown him the bad results of Chinese immigration.

CUBAN RECIPROCITY VOTE IS NEAR AT HAND.

WASHINGTON, April 8.—Discussion on the Cuban reciprocity bill opened in the House today. There was much activity among the leaders on both sides in anticipation of the coming battle and when the House was called to order at noon the attendance of members was unusually large. Routine business was first considered.

Mr. Lacey of Connecticut asked unanimous consent for the consideration of a bill to protect game and fish in Alaska. There was no objection and the bill was passed. He explained that when the Alaska code was enacted a year ago it did not include game laws, and the result had been an enormous slaughter of game during the last season.

Mr. Payne, Chairman of the Ways and Means Committee, then moved that the House go into committee of the whole for the consideration of the Cuban reciprocity bill.

The battle began immediately. Mr. Tawney of Minnesota demanded to know upon what theory the bill was privileged. Mr. Payne replied that the bill was one affecting revenue and the Speaker sustained that view. Thereupon Mr. Robertson of Louisiana raised the point of order that the bill does not come within the purview of the rule. His contention was that the bill proposed to authorize reciprocal trade relations with Cuba—that it was not a bill to raise or reduce revenue and not amendable as such.

The Speaker held that under a long line of precedents the bill was privileged. Mr. Newlands of Nevada attempted to

DEATH OF AN ESTIMABLE LADY.

MRS. ELIZABETH MAXWELL PASSES AWAY AT A RIPE AGE.

This morning Mrs. Elizabeth C. Maxwell, widow of the late Olney R. Maxwell, passed away at the residence of Henry C. Taft, 1333 Harrison street, at the ripe age of 77 years, 2 months and 22 days. She has long been a sufferer from illness and her death was therefore not unexpected.

Mrs. Maxwell was the mother of Mrs. H. C. Taft of this city and Mrs. George H. C. Taft of Danville, New York. The remains will be forwarded to Danville for interment.

Mrs. Maxwell was an estimable, cultivated lady, highly respected by a large circle of friends and acquaintances. Her patience and fortitude under the infirmities of age and the affliction of disease strikingly illustrated her strength of character and sweetness of disposition.

Mr. and Mrs. Taft have the sympathy of the community in their bereavement. On account of the sad occurrence the store of Taft & Penney will remain closed until Thursday next.

Private funeral ceremonies will be held at the residence tomorrow, prior to shipping the casket to the East.

DINGEE AGAIN THE PRESIDENT.

Contra Costa Stockholders Hold Their Annual Meeting.

The stockholders of the Contra Costa Water Company held their annual meeting in San Francisco this morning and elected the following directors: Alvin Hayward, Chas. C. Remis, A. W. Rose, W. J. Dingee, A. H. Winn and Thomas B. Phely.

In the afternoon the directors met and elected the following officers: President, William J. Dingee; Vice-President, C. C. Remis; Secretary, Edward McGary; Assistant Secretary, Thomas B. Hanson; Chief Engineer and General Manager, Arthur L. Adams.

Mr. McGary has made an efficient secretary of the company. The position of assistant secretary has been created for Mr. Hanson, who has been with the company for the past seven years. He has proved himself efficient in the service and now he is rewarded by being promoted.

HE WILL NOT BE THE KING'S GUEST.

Whitelaw Reid Declines to Accept King Edward's Invitation.

WASHINGTON, April 8.—Whitelaw Reid, head of the special embassy to represent the United States at the coronation of King Edward VII, has declined the tender of the British government to become its guest during the ceremonies. The British government extends a similar invitation to every one of the special ambassadors, undertaking to provide them quarters and entertainment.

The difficulty lies in the fact that the invitation is limited to a six days visit in London, while Mr. Reid finds it desirable to be there at least a week preceding and a week following the ceremonies so he has taken steps to lease a suitable house at his own expense.

BRITT MAY GET A MATCH.

Will Probably Be Able to Meet Young Corbett.

SAN FRANCISCO, April 8.—Jimmy Britt will probably have an opportunity to try for championship honors within the next six weeks. The Yosemite Club's match-maker in New York yesterday to know the best weight Britt would make in a fight with Young Corbett. Britt wired back that he would do 131 pounds.

Since then no word has been received from New York, but it is not improbable that Corbett will accept Britt's weight, although it is several pounds heavier than he comes to 20. The fact that the Corbett-Britt fight would be a great drawing card here, will probably induce Corbett, however, to come West to meet the Olympic Club amateur.

If Corbett will not agree to 131 pounds, Dave Sullivan or some other good man will be matched against him, unless Britt recedes from his ultimatum that 131 pounds is the best he can do.

EXPORTS TO CUBA.

WASHINGTON, April 8.—Mr. Payne said that in time the United States exports to Cuba would amount to \$200,000,000. While he did not want Cuba annexed, he believed that in time she would be a part of the United States.

WON THE DERBY.

MEMPHIS, Tenn., April 8.—Abe Frank won the Tennessee Derby by a head; Lou Woods, second, by a length; Succoth, third. Time 1:57 1/2.

ARTHUR HOLLAND SAYS HE COULD BUY BLOCK.

Declares He Could Have Raised \$75,000 For Broadway Property

The deposition of Arthur P. Holland was taken yesterday afternoon before J. H. W. Riley, as notary public in the case in which Mr. Holland says Nellie B. Lutz and Mr. and Mrs. H. C. McKee, et al. for the purpose of compelling them to sell him, according to agreement, the property on which the First National Bank stands at the corner of Broadway and Tenth street, the purchase price being \$75,000. The complainant was represented by Attorney Sam Bell McKee and the defendants by Attorney Beasley.

The purpose of the examination evidently was to show what money was available for the purchase and where it came from.

Mr. Holland, in response to questions produced half of a written agreement to buy the property at the price mentioned. The other half was supposed to be in the hands of the defendants but was not produced.

Mr. Holland stated that the other half of the agreement was in the possession of Mrs. Lutz and Mrs. McKee, although he admitted he had never seen the other half. He stated he had deposited \$2,750 in the First National Bank to find the sale and, when asked in what form that amount had been deposited, replied that it was by means of a certified check on the Oakland Bank of Savings made payable to the First National Bank.

WON THE DERBY.

MEMPHIS, Tenn., April 8.—Abe Frank won the Tennessee Derby by a head; Lou Woods, second, by a length; Succoth, third. Time 1:57 1/2.

CELEBRATED EXPERT AGAINST DIMMICK.

SAN FRANCISCO, April 8.—John P. Bergin, considered by government officials and safe manufacturers to be the greatest safe and lock expert in the world, has come from the East to testify in the Dimmick case. He made an examination of the safes and locks of the night at the time the theft of \$20,000 was first discovered, and his testimony is expected to cut an important figure in the case for the prosecution. As a safe expert Bergin is considered infallible. His knowledge of safes and their workings is so complete that the Government employed him three years ago exclusively as an expert for the Treasury and Postoffice Departments.

POPE WILL SEND MISSIONS TO ENGLAND AND SPAIN.

Will Be Officially Represented at the Coronation Ceremonies.

ROME, April 8.—In spite of the disposition of Cardinal Rampolla, the Papal Secretary of State, the Pope has decided to send important special missions, both to the coronation of King Edward and the festivities in Spain attendant upon the enthroning of King Alfonso. The Cardinal's opposition to the sending of the mission to England was based on the fact that the British Parliament did not change the anti-Catholic formula of the accession oath, and Monsignor Merry Del Val, who the Pontiff destined to be the chief of missions openly refused to go while the present wording of the oath is maintained. Nevertheless, the mission will be sent and probably will arrive in London a few hours after the religious ceremony. This will be a repetition of the diplomatic methods carried out at the coronation of Czar Nicholas II at Moscow.

The question of the advisability of the Papal Mission to Spain was due to the compromises effected by the Queen Regent in nominating the Spanish Ambassador to the Vatican as her representative at the Pope's jubilee. Under ordinary circumstances a Royal Prince would have been appointed, but he would have been obliged to also go to the Quirinal, thus creating a situation full of unpleasant possibilities. His Holiness was much displeased at this and decided to be represented at King Alfonso's majority festivities by the Papal Nuncio at Madrid. The matter was smoothed over, however, and it is now understood that Spain will send a grandee with an important retinue to specially invite the Pope to send a representative who probably will be Cardinal Van Nuth or Cardinal Geroni, both former Nuncios at Madrid.

CROMWELL NO PURITAN. THE PRESS DISHONORED. The Call refers to Oliver Cromwell as "the great Puritan." This is a common error. Cromwell was what was called an "Independent"—that is, he was neither a Puritan nor a Presbyterian. When the struggle between the King and Parliament first began, the two great religious bodies in opposition to the divine right prerogatives of the crown and the pretensions of the Established Church were the Puritans and the Presbyterians, but there was a smaller but influential body made up of men of various beliefs, who joined with their more austere brethren in opposing the tyranny of the King and the exactions of the clergy. This body was styled "Independents." Cromwell speedily became their leader, and ultimately dominated the whole Parliamentary party as completely as he did his own faction. He dispersed the Parliament controlled by the Puritans, and put down the Presbyterians of Scotland by force of arms. To be plain, the Lord Protector laid his heavy hand alike on the Episcopalians of England, the Presbyterians of Scotland and the Catholics of Ireland, and then forced the Puritans to take a back seat. He called himself the arm of the Lord, but he relied on the strength of his army. His manners were puritanical, but his methods were those of the military dictator of the world over. As a fact, Cromwell broke the power of the Puritans more thoroughly than King Charles was ever able to do.

A SICKENING TALE.

For the sake of humanity it is to be hoped that the recent stories of British atrocities in South Africa are untrue. It is almost incredible that men of a civilized nation, in this enlightened age, could be guilty of the barbarity of killing little children who supplied for food. If these women were really placed as screens around British camps so as to be exposed to the fire of their kindred and countrymen in case of attack, the war has assumed an atrocious and inhuman phase that will forever disgrace the British name. Such practices can be kept for a time from the knowledge of the world, but the facts are bound to be ultimately blazoned forth on the pages of history, if not set forth in the news of the day. The chief offenses are charged up to the Colonial troops, made up of men who were most aggressive in pushing the Boers to extremity prior to the outbreak of hostilities.

It is to the credit of the British nation that the stories of these wanton cruelties have aroused the greatest indignation in England. Consequently may sleep for awhile in the bitterness engendered by war, but in the end it will make itself felt. When the war is over the Salisbury Ministry will be called to popular account for its conduct, and if the alleged barbarities are substantiated it will meet with a scathing condemnation.

THE KIRK MUSICAL. Mrs. Owen Charles Kirk and the Misses Loretta and Katherine Kirk are making elaborate plans for the musical to take place this evening from 8 to 11 o'clock, at their home, 981 Fifth avenue, East Oakland. The affair is to be given for the benefit of St. Anthony's Church bazaar fund, and an interesting program will be given by some of the best talent about the bay.

WHIST FOR THE CHURCH. A number of ladies who are planning several novel features for the fair to be given the latter part of this month for St. Anthony's Church, in order to raise money to defray the necessary expense, have decided to give a whist tournament in Masonic Hall. The playing will begin next Saturday evening, and, with the exception of Sunday, will continue until the following Wednesday, when the prizes will be awarded.

JOAQUIN MILLER'S REGRETS. NEW YORK, April 8.—Andrew Carnegie was the guest of honor at a banquet given last night by the Society of American Authors. A crank inventor, who repeatedly interrupted speech-making by proposing to present

Pears' What is wanted of soap for the skin is to wash it clean and not hurt it. Pure soap does that. This is why we want pure soap; and when we say pure, we mean without alkali. Pears' is pure; no free alkali. You can trust a soap that has no biting in it, that's Pears'. Established over 100 years.

Carnegie with a wonderful five million dollar time-writer invention, worked by footpower, was finally ejected. From Joaquin Miller, in his home, the Heights, Oakland, Cal., these lines were sent to the society and were read: "Hail, fair King of the North, Hail fighting Ted, Great William, Grim Oom Paul: But I'd rather twist Carnegie's joints, Than shake hands with ye all. With regrets that New York is so far from California, and with love to you and yours. JOAQUIN MILLER.

WILL GIVE A PARTY.

The members of Loyol Temple No. 47, Rathbone Sisters, have been busy making preparations for their sheet and pillow case party, which takes place Thursday evening at Pythian Castle, Twelfth and Franklin streets.

AFFAIRS AT THE UNIVERSITY.

ATHLETICS AND BASEBALL ARE ATTRACTING A GREAT DEAL OF ATTENTION.

BERKELEY, April 8.—So confident does the "Varsity" baseball nine feel of winning next Saturday's game and the championship that they are already looking for new worlds to conquer. Invitations have already been received by Manager Decoto and Captain Hamilton from amateur clubs in Portland, Seattle, Tacoma, Everett and Spokane, asking the college team to come north and meet the best amateurs in the northwest.

The majority of the team at the present time are in favor of making the northern trip and if the sanction of all the players can be obtained the trip seems assured.

In event of the University boys deciding to go north the teams which would probably oppose the "Varsity" are the Multnomahs of Portland, the Seattle Athletic nine, the Washington Agricultural team, Whitman College of Walla Walla and the Spokane Athletic Club. There are many other amateur nines in the north entitled to consideration and there seems but little doubt but what the trip would pay for itself.

Speaking of the game with Stanford last Saturday and the form of the players generally, Trainer Christie said: "In Saturday's game the best team I won. The team work was steady, consistent kind which wins games. Individual brilliant playing was apparent at times, but the team work counts the most in the long run. I would like to take this year's team East and play the Eastern Colleges. I have seen all of them play, but do not believe they can meet the snappy kind of baseball which the "Varsity" team is capable of putting up. One thing is certain, they would never find Overfall.

"While the northern trip is only a problem, still should the boys decide to go they should return with an unbroken string of victories."

The "Varsity" team was cut last night on the campus. Trainer Christie said: "In Saturday's game the best team I won. The team work was steady, consistent kind which wins games. Individual brilliant playing was apparent at times, but the team work counts the most in the long run. I would like to take this year's team East and play the Eastern Colleges. I have seen all of them play, but do not believe they can meet the snappy kind of baseball which the "Varsity" team is capable of putting up. One thing is certain, they would never find Overfall.

There is no dissension to criticize Heintzner, for his work, especially with the stick has been right up to championship form.

ATHLETIC GOSSIP AT THE UNIVERSITY.

BERKELEY, April 8.—There is plenty of athletic gossip about the University. One of the mild sensations which is being stirred is the charge that two of the athletes from the Elsie High School were ineligible to compete in the Academic Amateur League field-day, which was held on the Berkeley child-track last Saturday. The Oakland High School and Berkeley High School athletes openly charged the Ukiah boys with entering men in events who were over the age of 21, one of whom is a married man with two children.

There is such feeling over the matter that a committee from the League may be appointed to investigate the charges.

Stanley, the Berkeley High School sprinter, who carried off the honors in the 100 and 50-yard dashes with ease, was not allowed to participate in the Academic League owing to the fact that he was not taking a sufficient number of studies.

Considerable interest in the entrance is being taken by the University students.

There has been some discussion relative to introducing disc throwing at the University and having it recognized as an intercollegiate event on the coast.

The majority of the athletes do not take kindly to the idea but those who advance the idea maintain that the great antiquity of the sport should give it recognition.

Trainer Christie does not favor its introduction, although many Eastern Colleges have adopted it. Christie says that it is hard to secure uniformity in the event as to weight, size and construction.

It is possible, however, that the question of adopting it as an intercollegiate event may come up before the athletic representatives of Berkeley and Stanford when the next field-day is being arranged.

CLEVER PLAYS AT THE LOCAL THEATERS.

"THE CHRISTIAN" AND "NATHAN HALE" AT MACDONOUGH—DEWEY AND PECK'S PROGRAMS.

There has been no drama of modern life on the American stage for the past twenty years which can compare in interest with Mr. Hall Caine's "The Christian." The history of the success it has met with during the three seasons it has been presented bears evidence, indisputable, of this fact. More than two millions of people have seen the play, and there has never been a performance in all of this period of time in which the intense fascination that belongs to this great drama was not visible to the audience from the opening of the prologue until the fall of the final curtain.

Say what they will, there never was a play that held such a grip upon the human heart, and this influence is visible in every scene, audible in every line, enthralling in every movement. There are thousands of people in the United States who have gone to see "The Christian" time and time again. Those who have not seen it, have something left to live for. This company will appear again at the Macdonough Theatre tonight. It is a very large one and includes Edward Morgan who was the John Storm when the play was first produced in New York, and scored tremendously in the part.

"NATHAN HALE."

There can be no question as regards Clyde Fitch being the man of the hour: as the most talked about playwright of the present time. Last season Mr. Fitch's success was very run simultaneously on Broadway, New York, to handsome profits, and next season six Fitch plays will try for fame in London, so that it is not surprising that the interest manifested here every time one of his dramatic compositions new to our theater patrons is announced. "Nathan Hale," of Mr. Fitch's most pronounced successes, will be seen for the first time here, April 9th and 10th at the Macdonough. Aside from the historical interest which it is invested, able critics have declared it to be Mr. Fitch's best effort. The production here will be made by Howard Kyle and the same company that has supported him ever since he came into possession of this valuable piece of property. Mr. Kyle will also bring with him the same elaborate scenic equipment which characterized the presentation of "Nathan Hale" and the Knickerbocker Theatre, New York, and Powers Theatre, Chicago.

AT THE DEWEY.

At the DeWey Theatre last night, as predicted in these columns, Miss Fanny Gillette as Carmen, in the lighter scenes of the play of that name, made a fascinating conquest while in the heavier scenes and the more stirring scenes, she threw into her wit and wickedness the mercilessness of a fiendish wench. She toyed with the affections of Don Jose, who had had him at her feet a willing slave to her every whim or caprice and then spurned him in the contempt until at length despair rent his heart.

Stevens was not less successful and entertaining in the unfortunate hero. Both characters were gems of artistic work. The whole company did very well, and the play is superbly mounted.

PECK'S BROADWAY.

At Peck's Broadway Theatre last night the excellent Southern Pacific company repeated its success. Everybody was delighted. The singing was excellent, the dancing was superb, and the drama was fresh and ingenious and the drama was all that could have been desired.
